### **DETAILED ACTION**

Claims 1 to 10 are canceled.

- (1). Applicant's Remarks filed on August 12, 2005 has been received and fully considered. However, the claims 11-28 are rejected for the same reason set forth in the previous Office Action dated on July 29, 2005.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- (2). Claims 11-28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The phrase "Step 1 MW" in claim 11 and claims 21-23 render the claims indefinite because "Step 1 MW" is unclear. The phrase "Step 1 MW" is not defined by the claim, the specification does not provide a standard for ascertaining this Molecular Weight, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

#### ***Response to Amendment***

- (3). Applicants provide the definition of "Step I" in the claims is acknowledged. However, applicants do not provide a standard for ascertaining the molecular weight for the polymer block of the 1<sup>st</sup> Step. "Step I MW" remains unclear as to what kind of the molecular weight it refers. Examiner cannot apply references to identify the inventiveness of the application because "molecular weight" in prior arts of the same field is presented either as "number average" or "weight average" or defined specifically.

Therefore, the 112 2<sup>nd</sup> rejection of claims 11-28 is sustained.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
